To The President of the Stock Exchange of Thailand

According to the resolution of the Board of Directors Meeting of Lease IT Public Company Limited No.2/2023, on 22th February 2023, the Financial Statements and overall operations of the Company for the year ended 31 December 2022 which has been reviewed by the auditors of EY Office Limited.

The Thai economy in the year 2022 was affected by COVID-19 pandemic. Eventhough the situation is better, but the economy impacted household and business spending and delayed the recovery of economic activities. Lease IT Public Company Limited is to be an alternative source of financing outside the financial institution sector (Non-Bank) supporting Small and medium-sized enterprises (SMEs) who work for the government sector and private sector to access funding sources. The Company continues to focus on customers' business needs through offering financial products and also proactively helping customers facing the impact of the COVID-19 crisis so that customers can survive in the long term. In this period, revenue decreased by 53%, our customers could run projects again after the lockdown period and some of projects could be delivered but the government bidding also get stuck and allocate to COVID-19 budget. As a result, the finance amount decreased that directly affect the revenue for the nine months of 2022. However, The government gradually auctioned through the Bid Bond and E-Bidding during the third quarter to fourth quarter of 2022. Although the auction is not yet returned to normal, the Company is ready to support financial products to build growth, and the Company stilling recorded Expected Credit Loss (ECL) from Non-Performing Loans (NPLs) that affected by the current economic situation following the risk and quality of customers in various industries that following Thai Financial Reporting Standard No.9 (TFRS9) which determines adjustment of economic future forecast based (Looking Forward). According to improvement of credit quality, new NPLs significant decrease base on new financing of the year. This is to comply with the policy of prudent and carefully adjusted business strategic plans for the year 2022 to cope with the impact of this situation as follows:

Industry and Strategy

The trend of competition in the banking and Non-Bank industry continues to be pressured by the effect of COVID-19 pandemic and the economic outlook is also impacted by inflation. During such challenges, the Company has to adjust its competitive strategies to cope with the situation and to maintain its performance in accordance with the current industry trends and for sustainable growth in the future. The Company has generated income to create stability in the organization, customer satisfaction, elevating work processes, building corporate credibility and awareness as follows:

- 1) **Upgrade marketing with a Digital Platform** to meet the needs of the new-generation customers and respond to the growth of the digital world in the future. The Company has focused on developing IT systems and using digital marketing tools to reach the target customers of the Company in order to get
